Wedding and Prom selling season is upon us. FloralSupply.Com is the internet's premiere site for wholesale floral supplies for wedding season and beyond. If you are a florist, wedding or event planner, a caterer or a crafter who uses flowers, we have the floral containers, flower vases and many other hard to find floral supply items that you use. These creative items will make your event a hit. Plan your order now, and allow our knowledgeable staff to assist you with your floral supply purchase. You will love our expert assistance, tips and suggestions that will save you time and money.

Floral Containers

For Spring floral containers, you can't beat the selection that we stock. Flower urns are great for large wedding floral pieces. As you look at the floral container section of Floralsupply.com, notice the large selection of different floral design container styles and sizes, flower planters, and flower vases. Our floral planters and containers are made from many different materials. Our prices and selection are sure to impress you.

Displays and Flower Racks

We carry a broad selection of attractive fresh and silk flower Displays. Most flower display racks come complete with display buckets. Just assemble, load it with fresh or silk flowers and start selling. We also have several retail store display shelving units, pegboard and slat wall flower display units. All metal floral display racks are non-rusting, powder coated steel for long life.

Flower Packaging and Flower Sleeves

For a professional image, consider our floral packaging items. We sell only AMERICAN-MADE flower sleeves, cellophane rolls, flower wraps, flower boxes and clear corsage boxes. All of our floral packaging and floral sleeves are "Flower safe". Seasonal floral packaging is also available.

Plant Saucers and Basket Liners

Florists usually send product out with a plant saucer or clear basket liner to protect carpets or table cloths. Plastic plant saucers and clear basket liners provide the protection needed. All of our basket liners and clear plant saucers are puncture-proof.

Artificial Birds, Animals, Butterflies and Insects

While here, visit our Decorative Birds, Artificial Animals, Artificial Butterfly, insect and Real Bird Feather categories. Many florists won't sell an arrangement without a little artificial bird or butterfly tucked in. These little items are made from man

made and natural materials. Colorful artificial birds and decorative butterflies are nice additions to any floral arrangement. Include some with your next floral supply order.

Marco Deluxe Fresh Flower Display Rack with 12 Cones

The FPU-010 Roll-Around is our finest vertical flower display rack. Use this flower display stand with either fresh or silk flowers and bushes. Casters included for easy mobility. The unit also comes knocked down for lower freight costs. It is easy to assemble in just a few minutes. The steel frame is powder-coated for long life and maximum durability. The flower display includes twelve 9"x10" floral cones. Overall height is 66" from floor to top of rack. 25" width.

Customer Service

We are a WHOLESALE SUPPLIER of floral supplies and related items. We began business as a repping company to the retail florists. This vast experience got our sales people into the shops, and aided us in becoming familiar with virtually every operation found in the retail floral shop. After many years, and at the very advent of the internet as a marketing tool, we developed a company and system which is second to none in it's service to our customers. As you shop, you will see our comment page where you can share your comments and concerns with us.

Silk Flower Display Stand

Our first shipment of this wonderful silk flower display rack sold out in three months! They have sold heavily ever since!

It is made from sturdy steel tubing for long life and durability. Powder coat painted with 24 galvanized metal cones (Cones are NOT guaranteed leakproof), this display rack is perfect for showing and selling a large selection of silk flowers, or line with plastic and it easily becomes a fresh flower rack which can fit in a walk-in cooler. There are two cone sizes with this rack, 6 are 12" deep, 18 are 16" deep. Cone opening is 6".

International Customers

FloralSupply.Com services the RETAIL FLORIST and CRAFT communities primarily within the 48 contiguous United States as well as Canada. The freight which calculates on our order confirmation is based on delivery within the 48 UNITED STATES. ALASKA and HAWAII receive rates specially-quoted by UPS or US Postal Service at the time the shipping label is printed.

Many factors now affect us when serving countries outside the United States which make it almost impossible to take care of customers in many countries. U.S. shipper requirements have been imposed on us which are difficult to deal with. Therefore we have enacted the following policy for all orders outside the contiguous United States:

Handled Carry Bag for Flowers

Our waterproof plastic Vase bags are 8.755" high and perfect to insert a flower vase arrangement into for carrying.

Available in several beautiful colors with matching over-print design.

Packed 24 bags solid color per box Price is per box.
